Your Palace, Your Story.

The total area of the palace is **100 hectares**, making it one of the most spacious and luxurious hotels in the world.

An incredible **3 billion dollars** were spent on the construction of our hotel, reflecting its scale and level of luxury.

The spacious Mandarin and Oriental wings are located **1 km** apart from each other, emphasizing the scale and luxury of the hotel and offering guests a unique and diverse experience.

The hotel has an apiary with **700,000 bees** producing organic honey. Children from the kids' club can collect honey themselves, making their stay even more engaging.

The interior of our hotel features **2 tons of 22-karat gold**, creating an atmosphere of wealth and sophistication.

Annually, approximately **5 kilograms** of edible **gold** are used in the preparation of various desserts, golden cappuccinos, and other gold-infused dishes and beverages. This makes the dining experience at Emirates Palace truly unique and luxurious!
